Dinner from Around the World

Was a great success. We were able to raise more funds to add to our fundraising profits. The council has decided to use the funds towards a technological upgrade to our AV group. The school will purchase a new Mac computer with monies earned by the School Council. The present computer is out of date and cannot run the latest version of video editing software.

Chocolate Sales

We will be changing suppliers to a more generic brand of treat. These sales are our biggest profit maker and we hope to exceed last year's sales.

Altruistic Work at School

Churchill Meadows will participate in an new endeavour in September. Churchill staff are eager to show the children that giving can be more fulfilling than receiving. Our goal is to reach across the globe help others in need, showing the children you can make a difference. The staff are considering working with the children to organize charity work for poor children in the world. More information to come in the fall. This charity work will replace Jump Rope for Heart.

Eco School

We are well on our way to becoming a fully fledged Eco -School. We have made to fist grade with the help of our students the Green Team and dedicated staff.
